### Our Proactive Approach Makes the Difference

The Visiting Nurse Association of Boston & Affiliates provides home health care through the VNA of Boston, private pay services through VNA Private Care and end-of-life support through VNA Hospice Care.

We coordinate superior care across the continuum --- for all ages, health care needs and income levels --- so that our patients and their families throughout Greater Boston have peace of mind and, most importantly, can live independently at home.

## VNA HOSPICE CARE

VNA Hospice Care provides care, comfort and compassionate support to patients and families facing the challenges of terminal illness and loss.

The focus of our care is to manage and control pain and symptoms so the individual can remain at home where they can continue to live each day to its fullest through:

### CARE

- Individualized care coordinated by an expert team including our medical director, nurses, hospice aides, social workers, chaplains and trained volunteers.
- Skilled nursing visits and 24 hour a day, on-call availability of registered nurses with expertise in pain and symptom management.
- Specialty programs for patients diagnosed with cancer, heart disease, lung disease, Alzheimer's/dementia and individuals with intellectual disabilities.

### COMFORT

- All medical equipment and pharmaceuticals as related to the primary hospice diagnosis including palliative chemotherapy and radiation treatments are provided at no cost to the patient.
- Personal care assistance from our certified hospice aides.
- Social Workers skilled in responding to the needs of the patient and family.

### COMPASSION

- Respite and companionship offered by trained volunteers.
- Spiritual support and pastoral counseling provided by our chaplains.
- Bereavement counseling and support.

*VNA Hospice Care accepts all patients regardless of cost or acuity.*
